NEW PARENTS: Step by Step

*****Signing Up:** Students that are **15 years old** can start Drivers Education. You can sign them up for any class listed online. (Merkleys.com, Click #1 to Enroll). You can sign up until the class start time.

They will come home with a Registration Form that they will need at the DPS to get their permit. (More info on page 2)

Freq. asked questions:

-When do you recommend them starting? **When they turn 15!**

-What package do most people choose? **Most students love the MVP package. Why? It includes the Basic Drivers Education course (10hours of class/6 hours of driving) PLUS on the day of the drive test we will pick the student up, drive for an extra 2 hours to review, give the drive test in a Merkley's car and bring them back home with their license.**

-What is the difference between the Supreme (\$585) and MVP (\$625) package? **The supreme has a one hour review drive and the MVP has a two hour review drive prior to the test.**

-If I get the Basic package do I have to schedule the drive test with DPS? **No! Add a drive test for \$40 and then go straight to the Tag Agency to get your license printed.**

*****Scheduling Drive Times:** Check your email! Once they attend the first day of class we will send them home with a **username and password**. (Merkleys.com, Click #2 Student Login). Once the student is logged in you will click "Schedule My Drive" on the left side.

How to Schedule: After you click "Schedule My Drive" Click the circle to select the drive time, select a pick up location, then go back to where you selected the drive and click "**Schedule**".

If you only receive an email confirmation for one, it is probably because you scheduled them all at once. To review what you have scheduled: Click, "My Schedule".

If you need to change a pick up location or if the pick up location you need is not an option, please call 348-6686. Schedule the drive and then call to add a custom pick up location. Always leave a message so we can get back to you ASAP.

*On the third drive time they will receive a Completion Certificate (Golden Ticket). (More info on page 2)

Freq. asked questions:

I received two emails? Which is right? **If you have scheduled a drive time before your test you will receive two emails. One for the drive time and one for the test. Your test confirmation email will have the pick up location at one of our offices. That does not mean we drop you off at home after your drive and your parents bring you to the office. That tells the instructor which office to take you to.**

When does Merkley's offer the driving test?

Monday-Saturday. Saturdays, we test early. (7-10ish) The tag agency closes at 12 on Saturdays.

***** Now they can drive by themselves and have 1 friend in the car or have as many family members living in the same household in the car with them. They cannot drive between the hours of 10pm - 5am unless it is a school, work or church related activity. Restrictions don't apply if licensed driver 21 or older is in front seat.**
